A special topic webinar for parents & caregivers

Potty Training: Getting Started and Getting Unstuck

Learn when your child is ready, how to set up the first week, and what to do when it stalls. These are the same tools we use with families every day, in plain language you can put to work at home.

PRACTICAL PARENT TRAINING · LED BY A BCBA

A shorter session than the core webinars, focused on one skill, with time for your questions.

What we will cover

Ready or not?

Signs your child is ready, and why age alone isn't one of them.

Rewards that make it stick

What to reinforce, how quickly, and when to fade it out.

The first week

Scheduled sits, fluids, and a routine that gives lots of chances to succeed.

Accidents happen

How to respond so accidents teach instead of set you back, plus what to do when progress stalls.
